Dementia Capable Support of Adults with Intellectual Disabilities & Dementia

The NTG Canadian Consortium is now offering Dementia Capable Support of Adults with Intellectual Disabilities & Dementia training virtually. This training offers a “basic” course or an additional “NTG-Canada Affiliated Provincial Trainer” course. It is based on the evidence-informed NTG Education and Training Curriculum on Dementia and Intellectual & Developmental Disabilities.

2 DAY BASIC WORKSHOP

Target Audience: The workshop is appropriate for any staff with direct or ancillary support responsibilities of older adults with intellectual and developmental disabilities in disability-related, health care, and aging-related agencies. (Direct Support Professionals, PSWs, Supervisors, Long Term Care personnel, Alzheimer Society, etc.)

Description: This highly interactive and evidence-informed workshop covers the basic concepts of support of an adult with intellectual disabilities and dementia. Topics include: Introduction to Aging & ID • Understanding Dementia in Adults with ID • What is Dementia? How does it present differently in Adults with ID? • Early Detection and Screening for Dementia in ID • Obtaining a Diagnosis • Health Care Advocacy for Adults with ID and Dementia • Understanding Responsive behaviors associated with Dementia • Non-pharmacologic Interventions • Communication Tips & Strategies • Adapting the Physical Environment • Dementia Capable Homes • Stage-based Considerations • Bridging Aging and Disability Networks.

Costs: Standard registration fee is \$300 per participant

Outcome: Greater understanding of dementia and its effects on people with intellectual disabilities, greater capacity to provide dementia-capable direct services to adults with ID and dementia, and knowledge of how to develop a dementia-capable environment and support.

NOTE: Register by [clicking](#) on the [course title](#) that you would like to [register](#) in. Make sure to double check and register for the correct one.

3 DAY AFFILIATED PROVINCIAL TRAINER WORKSHOP

Target Audience: The workshop is appropriate for staff with direct or ancillary support responsibilities of older adults with intellectual and developmental disabilities in disability-related, health care, and aging-related agencies who will take a leadership role in developing dementia capable supports in their region and want to become an “NTG-Canada Provincial Affiliated Trainer.”

Description: The first two days of the workshop cover the topics outlined in the 2 Day Basic Workshop. A third day is devoted to understanding and delivering NTG Dementia Capable Care Curriculum materials. NTG Affiliated Trainers are authorized to use some of the NTG branded and copyrighted training materials to train within their own organization or to conduct training for outside agencies and organizations. Affiliated trainers have access to expanded topic modules, NTG continuing education webinars, and are mentored by NTG Canadian Master Trainers. Following completion of the workshop participants are required to successfully complete an online test of knowledge before they will be awarded a certificate of completion and receive NTG branded and copyrighted training materials.

Costs: Standard registration fee is \$500 per participant
