The invasion of Ukraine by the Russian Federation has left thousands of persons with disabilities with not much option than to relocate to other neighboring European countries.

Considering the current needs and requirements of people with disabilities that have relocated, EASPD is conducting a webinar, *“Hosting Ukrainians with Disabilities: how to organize it as service providers?”* on April 27, 2022.

This webinar will aim to share experiences and practices on how to support people with disabilities and their families from Ukraine relocate to other European countries. Our members that are actively working in providing services to people with disabilities and their families from Ukraine will be sharing their experiences as service providers and the issues they are currently encountering.
